**AGM Statement**

At the Annual General Meeting of London Capital Group Holdings plc ("London Capital Group" or the "Company"), held earlier today, Frank Chapman, Chief Executive Officer, gave the following update on trading:

"I am pleased to report that London Capital Group has performed well in the first quarter and that strong underlying growth during the period has put the Company ahead of management's expectations for the first quarter.

All our business divisions continue to perform well, with spread betting growth accelerating due, in part, to our new white label partnerships. Overall, we remain encouraged by the continued progress of the group and look forward to a robust first half trading performance."
